WARRANTY*

EXCELLENCE. PROTECTION. TRUST.

V-KOOL®

Paint Protection Film

CARE INSTRUCTIONS

Avoid pressure or high-speed car washes.

Wet bird droppings, tree sap, or insect remains, wait 30 seconds, then gently wipe clean.

Clean the edges of doors, bonnet, trunk-boot and other wrapped edges regularly to prevent dirt and hard water deposits.

Use PH- Neutral car shampoo and a soft microfiber cloth for regular cleaning.

Park in shade whenever possible to reduce water spots and heat buildup.

Avoid steam cleaning on film edges.

Do not use abrasive cleaners, polishes or rubbing compounds.

Do not lift or pick the film edges. If any edge lifts, visit an authorized V-KOOL center.

IMPORTANT WARRANTY CONDITION

Your V-KOOL warranty is exclusively applicable to genuine V-KOOL Paint Protection Film. Any replacement or repair using a non-V-KOOL film will result in the immediate termination of the warranty.

V-KOOL®

Heat Control Film

CARE INSTRUCTIONS

Do not roll down window glass, make it side windows for 36 - 48 hours after installation.

Clean the glass using only a soft microfiber cloth with clean water.

Do not use any chemical cleaners, ammonia-based products or glass cleaners.

Avoid using sharp objects, scrapers or abrasive pads on the film.

Do not stick suction mounts, tapes or any adhesive accessories directly on the film.

Park in shade whenever possible to minimize heat stress.

IMPORTANT WARRANTY CONDITION

Your V-KOOL warranty is exclusively applicable to genuine V-KOOL Window Film. Any replacement or repair using a non-V-KOOL film will result in the immediate termination of the warranty.
